

Veterinary Surgeon

Northern Ireland

Fancy a change?

We would love to welcome into our clinic, preferably an experienced vet but all applicants are welcome.

We are an independent, family run, progressive and supportive mixed practice.

We are a purpose built facility with state of the art equipment, including an in house laboratory, theatre, ultrasound scanners and digital x-ray.

You will have the opportunity to develop surgical cases, internal medicine and we have an onsite animal eye specialist. You will be working beside a team of 5 vets, 5 nurses and a receptionist.

Excellent salary for experienced vet, 6 weeks holiday, CPD allowance, certificates encouraged. Accommodation and vehicle supplied. We are a Veterinary nurse training centre, so teaching and learning is an important part of our ethos.

We are situated within a friendly, busy city surrounded by beautiful countryside within a progressive dairy sector. We are set in a beautiful part of the UK, ½ hour from glorious beaches, 1 ½ from Belfast and 3 hours from Dublin.

Email CV and cover letter to: diane.drumahoevet@btconnect.com

Closing date for applications 31st August
